Quintet Rescued From Icy River As Car Plunges

People Spend Three Hours Trapped In Car During Rescue Work

Five occupants of an automobile driven by Steven C. Danhauser, 70, 332 1/2 42nd Street, Sacramento, are recovering from shock and exposure but miraculously escaped death or serious injuries at 2:30 o'clock Tuesday afternoon when the vehicle plunged 300 feet into the icy waters of the Truckee river about 100 yards east of the bridge at Floriston.

The five persons, Danhauser, his wife, Ella, 68, their niece Mrs. Ollis Weaver, 41, 838 F Street, Sparks and the latter's two children Wilma, 12 and Billy, 6, were forced to stay in the submerged vehicle with the water 18 inches over the seats, for three hours while a heroic rescue was accomplished by state patrolmen and employees of the division of highways.

State Patrolman H. B. Fowler who headed the rescue work and made the investigation, said that the car apparently skidded on the icy pavement and plunged into the river below the precipitous bank, landing upright in the water, with all the occupants unharmed.

While chunks of ice battered the sides of the car in which were trapped the five, rescuers spent three hours arranging their release. Foreman Homer Hixson of the division of highways proved the outstanding hero of the group when he procured a small rubber raft from Cabona's store in Truckee and floated out to the car and brought the freezing occupants, one by one, to shore. Hixson was in the water to his waist much of the time but continued his efforts until the last of the five was on the bank.

Dave Medford of Floriston assisted Hixson in getting Mrs. Danhauser out of the car and others who rendered valiant aid included Heslin F. Cardinal and Joe Copeland of the Southern Pacific at Truckee.

So steep is the river bank at the point that it was necessary to rig up a metal boat in which the cold-paralyzed people were pulled up to the highway with a crane attached to Mel Thornton's tow truck.

The first to be rescued was Billy Weaver, who was suffering from whooping cough as well as the immediate trouble. He was brought to Truckee by Mrs. N. F. Dolley and treated before being taken on to Reno where he joined his family at the Washoe Hospital.

All the occupants of the car were helped and were rushed to Reno by Constable N. F. Dolley and Fowler in the Truckee ambulance.

It was reported from the hospital yesterday that all were recovering and would not suffer ill effects from the narrow escape.

By WALTER M. BARRETT

In selecting a successor to H. L. Ricks, late chairman of the California Fish and Game Commission, we sincerely hope that Governor Warren will give serious thought to the important matter and select a man known for his knowledge and experience in the problems now facing the commission. We unhesitatingly endorse Albert Bradshaw of Truckee, president of the Truckee Outdoor Sportsmen, who is the type of man needed to provide sportsmen with fair and honest representation on the board. It will take such a man to replace Topsy Ricks. Bradshaw is an ardent sportsman, knows the conditions in California as well as any man could and has shown a willingness to cooperate to the fullest extent in procuring the welfare of the sportsmen in all sections. We're confident that no better selection could be made and we feel sure that with men like Bradshaw on the board, the sportsmen of the state will get a fair return for the thousands of dollars they spend annually to keep hunting and fishing alive and flourishing.

Our hat is off to Homer Hixson, foreman of the division of highways, who proved himself a man of courage Tuesday when he ventured into the swirling, icy waters of the Truckee river to rescue five occupants of a car which had plunged into the freezing water. We do not discount the efforts of others in the rescue party, who did sterling work, but we believe the courage shown by Hixson worthy of the highest commendation.

Success to Henry Hudson and Max Kappner who this week announce the opening of the Truckee Garage. We are always pleased to welcome new enterprise in this region and believe the young men will enjoy deserved success.

Hospital Project Gets Under Way At Lions Session

Lions Prexy Names Little As Member of Group For Plan's Study

The first step in procuring the long talked of branch of the Nevada County Hospital in the Truckee region was taken at a meeting of the Lions Club here last night when Supervisor H. G. Loehr outlined what he believes to be the best procedure.

President C. B. White immediately appointed R. N. Little to represent the Lions Club on a joint committee to be made up of the various civic organizations of the area to investigate the proposals and submit definite plans to the board of supervisors.

In his discussion, Loehr urged that any committee appointed to present the plan make a thorough study of all the various ramifications including a suitable site, the original cost, the maintenance cost, equipment desired and other pertinent phases before the matter is offered to the board of supervisors for consideration.

The speaker indicated that he had personally made a tentative study of the hospital plan and felt that it was no only a necessity but that it would not meet with official opposition. It was his suggestion that the branch hospital be operated on a plan similar plan to that adopted by the county hospital at Nevada City only of course, on a much smaller scale. This would permit care for paid patients from all parts of the country, regardless of local residence, as well as indigent cases.

Tahoe businessmen at the meeting indicated that a hospital here could expect patronage from Tahoe as the injured and ill from there now are required to go as far as Reno for hospitalization.

Complete details will be worked out by the joint committee.

Robert Pomin of Tahoe was a guest at the meeting last night.

TRUCKEE PROPOSED AS NORTH END OF 15 TROUT DISTRICT

SACRAMENTO, Feb. 14 (U.P.)—Action of the California fish and game commission reducing the daily trout limit from 25 to 15 was branded as dictatorial by the Associated Sportsmen of California.

The sportsmen charged that the decision was based upon the theories of one man, Alan Taft, chief of the bureau of fish conservation.

Every organization present at the meeting of the commission in Los Angeles, January 23-30, Gus Gustafson, representing the northern sportsmen, said, recommended retaining the 25 limit for coastal streams and for the Sierra north of Truckee.

Reduction of the limit to 15 fish in southern California and in the Sierra as far as Truckee was agreed to by these organizations.

PAMPER YOUR WATER HEATER! He's a priceless old dear!

Heavens to Betsy...wouldn't it be awesome if your water heater quit you cold? Here are four ways, however, to pamper the old dear to keep him happily and faithfully yours for a long time.

1. CUT DOWN ON WASTEFUL USE OF HOT WATER. Think before you draw even a quart or two of hot water. Was it necessary? Make it snappy when you take a shower. Rinse dishes in a pan...NOT under a running faucet. Use less hot water for a tub bath.
2. DRAIN YOUR WATER HEATER REGULARLY. To drain, open the valve on your heater and run water into a bucket until clear of sediment. That's all.
3. KEEP YOUR WATER HEATER CLEAN. Brush off the burner occasionally.
4. DO NOT HEAT WATER TOO HOT! If your water heater has an adjustable thermostat, set it to 120 degrees. It will be easier on your plumbing, too. Remember — If your plumber or repair man only when absolutely necessary. They are busy people these days.

Stuart, Anita Smith, Pe e Ables, Colleen and Jimmie Morhain, Al Luhr, Mr. and Mrs. Leon Dockham and sons Robert and Clifford, Betty Joy and Billie McGinnis, Pat Dempsey, Shirley Tiedemann, Joan Davidson, Florence Vernon and Lela Swanson. Driving their own cars were Mr. and Mrs. J. Stuart accompanied by sons Ned and Jay, Mr. and Mrs. Carl Wheat and Mr. and Mrs. Ray Fellows and son of Carnelian Bay, Mr. and Mrs. Stein Nielsen and Mr. and Mrs. Herman Tiedemann of Chambers Lodge, Floyd Carnell who took as passengers son Howard, Bob Stark, Terry Tollefson and Ray and Sherwood Prusso; Mr. and Mrs. R. Stark, Lt. Gene Rogers who had as passengers Billie Bechdolt and Carl Bechdolt Jr.; Mr. and Mrs. Walter Mandeville and some Skipper, Mr. and Mrs. Fred Rost and daughter Roxanne, and Mr. and Mrs. Andy Sorenson of Tahoe Vista who had as passengers Mr. and Mrs. Art Beuhler and Mr. and Mrs. McGill all of Kings Beach and Ruby Meisenheimer and Pete and Billie Petersen of Carnelian Bay.

Many left the meet early due to a snowstorm which descended around 3:30 p.m. Few remained to attend a fried chicken banquet. Those who did included Floyd Carnell and son Howard, Ray and Sherwood Prusso, Bob Stark, Terry Tollefson and Mr. and Mrs. Walter Mandeville.

Tahoe skiers placed in every event except the cross country race to win the meet. Straubhaar placed first in Class A jumping and won the giant slalom in 59.9 seconds. Kay Starratt was second in women's slalom. Al Henry was third and Walt Mandeville sixth in Class A jumping. Bill Bechdolt placed third in B jumping. Robert Stark won his event, Class C jumping, while Terry Tollefson and Howard Carnell were second and third in D jumping.

Walt Mandeville, one of Tahoe's best pre war ski stars, entered the competition without any practice. He fell and injured his ankle badly in the giant slalom. He was the only casualty from Tahoe, his ankle on Monday was so painful he was unable to walk on the foot and is home from work.

Winner of second place in Class C jumping was ex-Tahoeite Howard Pyle who is a member of the Auburn Club but who learned skiing on Tahoe's hills.

Encountered by Tahoeites on the Cisco grounds were Mrs. Gladys Pedersen and daughter Miette, who have a summer home at Tahoe Park. They were up from Auburn where they are wintering. The doctor was in San Francisco, still on duty. Up for the meet, too were Mr. and Mrs. Jimmie Worden of San Leandro, Jimmie was again on skis. He was injured seriously hurt at Yosemite when he broke his leg near the finish of a race and dragged himself over to clinch top honors for his team. For Auburn, Sigrid Laming participated in the meet. She was formerly at Tahoe Tavern and is remembered by many local residents.

TAHOE LETTER To The Servicemen

From SWANEE

Tahoe City, California.
Feb. 10th, 1946

Dear Tahoeites:

Well it's Sunday night again and another snowstorm is upon us. The barometer this morning had dropped four points, indicating a change in weather, so yours truly was not among the gay throng of Tahoeites who boarded the Greyhound bus at Tahoe City around eight a.m. to embark for Cisco and the Auburn Ski Club's scheduled tournament, the first in more than four years of winter sports inactivity. It was a huge success, according to reports of my scouts, and the Lake Tahoe Ski Club competitors conducted themselves in admirable manner, taking their full share of honors. Our club and the townsfolk are justly proud of the fine record they made and hope to add more glory to their reputation before the current season is over.

Now local attention is centered on the Tahoe club's invitational ski meet to be held here at the hill in town on Sunday next, February 17th. We are hoping earnestly that the weather man will give us a break and send a pleasant day. That will be half the battle. The present storm will add depth to the snow on the hill and improve skiing conditions. And the promise has been made that special parking spaces will be provided both at the Tahoe wye's Staff Station and in town.

Tahoe Inn dining room will furnish meals to the visitors and the James Goodhues, who have charge of the operation of the ski tow and food concession at the Tahoe ski hill will have hamburgers and drinks and possibly other food available on the day of the meet. Don't forget the date—February 17th at 10:30 a.m.

From son-in-law PFC Bill Steenis last week we had a letter from the general hospital in Manila. He was taken there over two weeks ago from the 5th Depot after having been taken ill. He will remain for another five weeks and is undergoing a diagnosis for intestinal trouble, in the meantime being treated with serum shots and pills too. The chow in the hospital is greatly superior to that served in the GI's mess hall and he is really enjoying the rest. Only complaint was that he was not receiving his mail and had not since arriving.

Daughter Marie, little Billie and myself spent two days in Reno last week where we got permanents and enjoyed a bit of shopping and visiting. Took a run out to see Mr. and Mrs. Bob Steenis, daughter of Marie's brother and sister-in-law, who own a little home near Peckham Lane. Bob has just returned from four years overseas with the First Army's heavy artillery and the Airborne Division. For the first time I learned that no soldier gets the Purple Heart unless blood is drawn. Bob went through all kinds of battle experiences, was blown from the seat of his vehicle, paralyzed from the waist down and spent months in hospitals—one stretch five months—and yet he isn't eligible for the Purple Heart because he failed to bleed. He returned home with some wonderful souvenirs, three German pistols, three French cameras, about \$200 worth of paper and other money of Europe, and a fine collection of pictures of devastated Germany and other countries. His opinion of our former German adversaries is not very complimentary.

Mr. and Mrs. William Langbehn of Tahoe Park have as their house guest Miss Annabelle Halfen, resident of Los Angeles, who received her release from the Marines after two years of service on January 11. She will remain with them at Tahoe until March and is enjoying her first attempt at skiing.

Tahoe welcomed home last week one of her daughters, the former Sic Edna Wheat, daughter of Mr. and Mrs. Carl Wheat of Tahoe City. Edna was released from the Navy air station at Norman, Oklahoma, last week and arrived home for good on Monday last. She is resting and enjoying her first taste of good skiing in a long time. Plans for the future are indefinite.

Had a grand letter from our old friends, former Tahoeites Commander and Mrs. George Mawdsley now living in San Francisco. They subscribe to our Sierra Sun and enjoy keeping

tab on their many freinds still living in the Tahoe area. Bertha writes that her favorite nephew returned from action in the Pacific on January 3rd and visited with them for the first time in ten years for three days, then returned to his home in Maryland. A strange incident occurred recently when another of their nephews, still stationed in Germany with the American Army of Occupation, located one of Mrs. Eric Druhn's brothers in Germany, whom she had been unable to contact since the beginning of the war. Seems he had just recently been released after three years of imprisonment by the Russians in a prisoner of war camp. All efforts to locate him had been unsuccessful until the Mawdsleys wrote and asked their nephew's aid. He was stationed just across the river from the town in which the brother lived. They wrote also that the Druhn's visit, them frequently and that Eric, who returned shortly before Christmas from duty in the South Pacific, has now gained back some of his lost weight and his nerves are returning to normal. Commander Mawdsley has maintained good health this winter and is especially busy moving in returning troops from overseas.

Mrs. Marie Henry favored me with a jolly little note from Tucson, Arizona, last week. She penned her missive on the 31st of January and said it was the wedding anniversary of the Horace Johnsons, former Tahoe residents, who were caretakers at the Dollar estate. So the Henrys and the Johnsons were making a jaunt into old Mexico on that day and would celebrate the occasion fittingly. The weather had been grand and they had played golf the day previously even though the desert wind blew a bit coldly. They felt badly that they must miss the Auburn ski meet today and our own meet next Sunday, as they have followed the fortunes of the Tahoe Ski Club for many a year. Said they had driven out to San Xavier Mission the day previous and believed it the most beautiful of any they'd seen. The famous paintings were beginning to fade, but the outside had recently been restored and painted white. It was a lovely sight against the peaceful hills. Hope to have more on their travels this week again.

Had a letter from my neighbor Mrs. Gerda Kvistberg, wintering at their home in Burlingame. She wrote that he letters to grandson Lt. Cmdr Jimmie Easton had also been returned to her and she was at a loss to understand why. She hasn't seen him since the fall of 1942 and hopes he will soon be on his way home. Her husband, Captain John Kvistberg, is still on his ship in San Pedro harbor and will be there for the next two

months. She's tempted to come up to her Tahoe home for a winter vacation but fears it would be too cold right now.

Learn my old friend Gene Rogers son of Mrs. Nina Rogers of Tahoe City, has risen to the rank of lieutenant with the naval ordinance division in San Francisco. He was up on Sunday for the Auburn meet at Cisco and looking right in the pink they say—and he's still not married. He's due to remain in service for some time to come.

Ring off for another week and finish this on Monday morning. The matter weather is still in doubt as I write, as the barometer has risen only about a point. The sun is shining now but clouds still hover round about. The last storm was just fine for our ski hill in town but Tournament Direc or Bill Bechdolt tells me another snowfall would make it just

about perfect.

We're all thrilled to see more local lads returning home from service with their country and trust it won't be long before all will be back in the fold. Good luck, good health and good jobs to you new civilians and early return to plain Mister to the rest of you. May God be with you today and always. As ever, SWANEE

PS: A card just received from Eunice Duffee in Sacramento says Oliver Henrikson is back, out of service and looking fine.

Martin Spitsen who broke his leg last week when he fell on the ice in town, returned to Tahoe Saturday and with his wife and daughters is visiting at the Oscar Quam home in Bittencourt Tract. They plan to return to their home in Oakland this week.

MY PLACE in the SUN

by DOUG BARRETT

Next Monday night there's going to be another meeting. It's one that everyone interested in anything but hibernation for the winter should attend. A group is going to try to inject new life into a winter sports program and they need all the cooperation they can get. As one man, vitally interested in the subject, said to me, this is Truckee's chance to come back as the winter sports capital of California. Six of our boys—Angelo Besio, Kenny Snider, Bill Campbell, John Rablin, Harry Digesti and Humbert Ciardella—will compete Sunday at Tahoe's meet. To get meets here next year and to insure adequate representation at other ski meets, we need a club. Come out Monday and see what you can do. The session is slated to begin at eight o'clock at the pavilion. If the hill scares you, see me, Frank Titus or Hughie Carver for transportation arrangements.

Engle Votes Against Change of USES Setup

WASHINGTON, D. C.—When 166 Republicans and 87 Democrats recently united to end federal dictation of jobs, Clair Engle, California Second District, was one of 122 Democrats in Congress who opposed the action.

Engle's group was beaten, 125 to 254, when the House supported an amendment providing for return of the United States Employment Service to state control by June 30. Without the amendment, return of USES to the state would have been delayed a year.

According to the Congressional Record, proponents of the move contended the delay would only "siphon" more power from the states "into this sprawling, rambling, bureaucratic structure we call the Government of the United States."

Engle's group contended federal domination of jobs is needed during reconversion, but debate on the June 30 amendment brought out that USES was federalized in December, 1941, to attain maximum coordination of employment during the emergency; "state employment services...were simply 'loaned' to the federal government for the duration"; governors are almost unanimous in their desire for the return of employment services to state control.

STATE'S WATER OVER NORMAL IN SPITE OF DRY SPELL IN MONTH

SACRAMENTO, Feb. 14 —(U.P.)—Snow conditions forecast an ample supply of water for all purposes for next summer in California, the state department of public works said today.

The snowpack in all sections of the Sierra is above normal, despite the dry January just past, the department said.

The department's division of water resources snow bulletin reported that the snow pack in the watersheds above Shasta reservoir averages 70 per cent above normal. From the Feather River to the Stanislaus the excess is about 50 per cent above normal, which from the Tuolumne south to the Kern the excess is 10 per cent.

Measurements made in the Trinity country and in the mountains west of Willows indicate the high elevations of the coast range also are covered with a heavy pack, the division said.

STATE CONSUMES MORE LIQUOR THAN ANY OTHER IN 1945

SACRAMENTO, Feb. 14 —(U.P.)—California has become the drinkingest state in the union, figures released by the state board of equalization show.

Liquor consumption in California in 1945 was greater than that of New York, which previously had been the leading state, officials of the liquor control division said.

Last year excise taxes on whiskey, brandy, gin and other hard liquors totaled \$17,562,413 or approximately 15 per cent greater than \$14,907,767 collected in 1944.

Forest Service Seeks
Funds Says Rep. Engle

by REP. CLAIR ENGLE

Forest service areas in California are becoming increasingly popular with the public. In 1941 the areas had approximately 2,200,000 visitors, and this figure is expected to be far surpassed within the next season or two.

As a result of an expected rush into the scenic areas, many persons have expressed concern over the lack of funds by the forest service to maintain and develop its recreational facilities which probably will be fairly jammed during the summer months.

Not long prior to the war the forest service, through the Civilian Conservation Corps and its own person-

nel, had stepped up its program to establish camp and picnic grounds, buildings, water and sanitary facilities for the recreational use of the public. During the war, of course, many of these facilities could not be maintained and unless funds are soon appropriated they will deteriorate to the point where they will be practically useless.

The forest service plans to ask for \$1,000,000 to get its program rolling again in 1946, and will seek an additional \$7,500,000 for the 1947 fiscal year, a good portion of which would be allocated to California. If the budget request is granted, much of the money will be used for the development of new facilities which will mean an even greater number of recreational visitors will be attracted to many parts of this district.

Political Announcement

TO THE PEOPLE OF NEVADA COUNTY:

Hon. George L. Jones has publicly announced that he is about to retire as Judge of the Superior Court of our county. At this time I am announcing myself as a candidate to succeed Judge Jones to that honorable position. The office of Superior Judge is undoubtedly the most important county office. It requires a profound knowledge of the law as well as of the application of the law in practice before the courts, and a discriminating sense of justice on the part of the aspirant.

My training and experience in practicing for more than thirty-five years in State and Federal Courts of California and Nevada tend to substantiate my claim that I possess the necessary qualifications.

Respectfully,
JAMES SNELL.
